MEMORANDUM FOR: Comptroller, DPD

25X1A
25X1ASUBJECT : Royalties and Patent Rights [REDACTED]
[REDACTED].

1. The subject Contractor by letter dated 4 May 1959, has reported the following concerning Royalties, Patent Rights and Copyrights under Contract No. [REDACTED] 25X1A

"a. Final Royalty Report

The nature of the work involved under this contract was such that no royalties are involved.

"b. Final Patent Statement

There are two items in connection with this contract which in our opinion merit patent consideration: 1) The use of a negative impedance converter and, 2) The generation of a current sheet. However, since neither appears to have any [REDACTED] application, the [REDACTED] is not interested in filing, but the Government may want to file patent applications on these two items.

"c. Copyrights

No copyrights are involved under this contract."

2. The above statements are concurred in by the undersigned. With reference to the two inventions, these items will be reviewed by Project technical personnel to determine whether or not the Government will file patent applications thereon.
